25X1

1. How much [redacted] is devoted exclusively to relocation function? And could be "freed" for other use if relocation requirement completely eliminated?
2. Ditto above on supplies, equipment and materiel?
3. Would like to zero in on special equipment (see paragraph 3 of [redacted] 3 Sept. 63 memo to A/DDS). It would be helpful if we had a separate inventory of this category---and have [redacted] comment on its present adequacy to service the vital records now held [redacted]

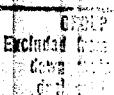

EXAMPLE:

1. How do we reproduce maps from OBGI master negatives that comprise a large part of our vital records holdings.
2. How do we print OCI's daily Intelligence Bulletins?
3. DDS really satisfied that your inventory of printing and reproduction equipment (ANNEX E 3) [redacted]

25X1

[redacted] dated April 1966--is adequate in todays world?
